FIFTY-SECOND YEAR No. 35.

CEDARVILLE, OHIO, FRIDAY, AUGUST 9, 1929

PRICE, \$1.50 A YEAR

NEWS LETTER FROM STATE DEPARTMENTS

COLUMBUS, O.—The primary election will be held next Tuesday and the polls will be open at the usual hours, 5:30 o'clock A. M., and close at 5:30 o'clock P. M., Central Standard time. In event where nominations are sought to be made for which no nominating petitions or declarations of candidacy have been filed within the time prescribed by law, names of persons may be written on ballots requiring eight per cent of all ballots cast containing such vacancy.

The Ohio State Fair is only a couple of week distant, opening its gates to the public on August 26th and continuing through until the evening of the 30th. County fair season is also on in full blast, two having been held this week, Ashley and Xenia. During the week of August 12th fairs will be held at Ashland, Urbana, Warren, Carthage, Piquette and Chesterhill. The following week, August 19th fairs will take place at Wilmington, Athens, Mt. Vernon, London, Woodsfield, Zanesville, Ravenna and Wellington. The last week in August twelve fairs will be held, Delphos, Berea, Greenville, Napoleon, Norwalk, Troy, Colina, Paulding, Tiffin, Caldwell and Kinsman.

The boys of the 37th Division A. E. F. are completing arrangements for their dedication pilgrimage to France and Belgium, and will sail on the S. S. Montrose from Montreal, Canada, on September 14th. After a rail and motor tour over the old battle grounds the return will be made on the S. S. America, sailing from Cherbourg for New York on October 11th. A large contingent from the Capital City will be among the thousands to make the trip.

State Welfare Director Hal H. Griswold will leave in a few days for an inspection of New York institutions. The Director is supervising improvements at a number of state institutions, among which is the erection of a new dormitory at the Grafton prison farm which would increase the capacity of the Mansfield reformatory by at least 300 and would also increase the agricultural production to a notable extent on the Grafton farm.

Director of Health Charles A. Neal warns motorists of the danger to health from impure water. If the tourist camp has been inspected and approved or certified, the safety of the water supply can be assumed. Open springs are generally unsafe, because they are readily accessible to contaminating influences. The open dug well, particularly those with buckets, are no better than springs. The best type of small water supply is a driven or drilled well, which is cased from the top of the ground to the water bearing strata. If you are not sure of the quality of the drinking water, boil it before using.

Senate Clerk Thos. E. Bateman, who is well known as an amateur sportsman back in his beloved hills of Pike county, where his fancy trap shooting and fly-casting attracted more than local attention, is out for another record and hopes to qualify for one of the amateur golf tournaments to be held in the near future. Clerk Bateman hies to the links immediately after completing his daily official tasks and friends state that his cup of happiness would be complete if he could just be fortunate enough to make a hole in one.

John B. Taylor Was 99 Years Old Sunday

Mr. John Taylor, veteran farmer who has resided on the Columbus pike west of town for many years, celebrated his 99th birthday last Sunday. He was born in Kentucky and came to Ohio more than fifty years ago. He enjoys good health but of course is not able to do any farm work.

CEDAR GRANGE MEETING

Cedar Grange will hold a regular monthly meeting in Community Hall, Tuesday evening, August 13, at 8 P. M.

BUDGET COMMISSION

The Greene County Budget Commission has been reorganized with County Auditor P. H. Creswell, under the law becomes secretary. Treasurer Helen Dadds is the third member of the body.

CLIFTON CHURCH PICNIC

The Clifton Presbyterian Church and Sabbath School picnic will be held at Snyder Park, Springfield, Friday, August 16th.

COURT NEWS

WIFE BROKE HIM

Declaring that his wife squandered his money to such an extent that she "broke him up" inside of one year, Stephen E. Willett has brought suit in Common Pleas Court for divorce from Sadie Willett on grounds of gross neglect of duty and extreme cruelty. They were married January 4, 1928. No children were born of the union.

VALUE ESTATE

Estate of James S. Elliott has a gross value of \$26,257, including personal property worth \$1,308 and real estate valued at \$25,049, according to an estimate filed in Probate Court. Debts total \$12,392 and the cost of administration is \$2,543, leaving a net value of \$11,422.

HEARING SET

Application seeking to probate the will of Albert W. Shaw, late of Xenia city, has been assigned for a hearing at 9 A. M., August 29 in Probate Court.

SALE ORDERED

In the case of Harry D. Smith, as assignee, against Lester J. Stiles and others in Probate Court, the court has approved appraisal of property at \$4,500 and ordered that it be sold at public auction.

WANTS REALTY SOLD

Sale of real estate on which the plaintiff claims to hold a valid lien is sought in a suit filed in Common Pleas Court by the Williamson Heater Co. against A. J. Wyatt, Alice Wyatt and The Home Building and Savings Co. The plaintiff obtained a judgment for \$121.92 against A. J. Wyatt in Common Pleas Court May 19, 1928 and the judgment remains unsatisfied, according to the petition.

The petition asserts the plaintiff has a valid lien on real estate belonging to Wyatt and that the serving company claims a mortgage interest. Sale of the real estate is requested by the plaintiff, which seeks to have the property of the liens determined and proceeds of the sale applied in payment of the liens. Miller and Finney are attorneys for the plaintiff.

ACCOUNTING SOUGHT

An accounting from the defendants is requested in a suit filed in Common Pleas Court by Raymond D. Grieve against Charles C. Grieve, Edward Grieve, Robert Grieve and Anna Jane Grieve.

According to the petition, the plaintiff and defendants have had mutual dealings for more than five years, each keeping his or her own accounts, the items of which are numerous. Asserting the defendants have refused to produce their accounts and make a settlement with him, the plaintiff asks that they be ordered to make an accounting and that he be awarded the balance due him. Attorney F. H. Dean represents the plaintiff.

APPROVE SALE

Sale of property to William and Margaret Taylor for \$5,055 has been confirmed by the court in the case of Frank Shigley, as executor of the estate of Len Borden, deceased, against Samuel Borden and others in Probate Court.

DIVORCES WANTED

On grounds of gross neglect of duty and extreme cruelty, Myrtle Shoemaker seeks separation from Fred Shoemaker, alimony, attorney fees and custody of their two children, Frederick, Jr., 4, and Betty, aged one and one-half years. They were married October 30, 1924. The plaintiff charges her husband's treatment forced her to leave him July 31.

Alice Donall has brought suit for divorce from Frank Donall on grounds of gross neglect of duty and extreme cruelty. The couple was married April 15, 1920. The plaintiff requests reasonable alimony.

Reasonable alimony, custody of their four children, Louis Myrtle, Eugene and Kenneth and a divorce from Elmer Hilling are requests contained in a suit filed by Bessie Hilling. They were married in 1915.

RECEIVER SOUGHT

Alleging \$500 is due on a promissory note, Harry R. Tavenner and Mary F. Tavenner have brought suit in Common Pleas Court against Paul D. and Dora M. Patterson, asking that property mortgaged to secure the note be foreclosed.

The petition sets forth that the defendants are collecting rents on the property and are not applying it to payment of the mortgaged debt. It is asserted the property will probably be insufficient to discharge the mortgaged indebtedness.

The Home Building and Savings Co., Xenia, Archie Peterson, The Yellow Springs Lumber Co. and A. R. Hamilton, named co-defendants, are said to claim an interest in the property.

The plaintiffs request that a receiver be appointed to collect rents and take charge of the property and that the various liens be marshaled. Attorney W. W. Wittmeyer represents the plaintiff.

BRANCH OF TAX LEAGUE FORMED LAST FRIDAY

Formation of the Greene County branch of the All-Ohio Tax-League, organized to support the "tax limit amendment" that will be voted upon at the November election was effected at an informal meeting at the courthouse Friday evening.

David Bradfute, Cedarville, Greene County's representative on the All-Ohio Tax Limit was elected chairman of the local branch, and Mrs. Elizabeth Anderson, assistant probate officer of juvenile court, was elected secretary.

The organization meeting, called by Mr. Bradfute, was attended by 30 people interested in the proposed amendment.

The principal speaker was Representative H. S. Keifer of Springfield, who discussed the amendment and answered questions in regard to the proposed amendment.

Representative Keifer pointed out that the present uniform rule of taxation in Ohio has been in operation for 81 years and has become antiquated with relation to present conditions. At the time it was adopted, Ohio was almost exclusively an agricultural state in which most of the property was visible, but today the bulk of the property is intangible, the speaker declared.

The principal argument advanced against the present uniform rule of taxation is that it is unfair to the man who is trying to save a portion of his earnings as contrasted to the man who spends his income. The proposed amendment is designed to protect real estate against an undue burden of taxation and will enable the next general assembly to remove alleged existing inequalities of taxation, he said.

The Greene County branch of the tax league will not seek a large membership, but was organized for the purpose of acquainting the people with provisions of the amendment by distribution of literature on the subject and sponsoring meetings at which speakers will discuss the question.

175 POUND SPRING PIG

Max Dobbins, son of Mr. and Mrs. Fred Dobbins, entered a 175 pound six month old pig in the Boy's Pig Contest at the Greene county fair. The pig is a cross between a Hampshire and Poland China and is a wonder for a six months' growth.

GOVERNOR IS GUEST OF BOY SCOUTS

Gov. Myers Y. Cooper was a guest of Boy Scouts at Camp Miami, Bryan state farm near Yellow Springs, for a short time late Tuesday afternoon and evening. The executive was accompanied to the camp by John W. Prugh, state superintendent of building and loans, former Xenia mayor. The governor and Mr. Prugh were guests of the scouts at dinner.

CLERK REAPPOINTED

County Clerk Harvey Elam has re-appointed Earl Short as deputy clerk of courts, entering upon his duties last Monday.

STATE FAIR NEWS NOTES

The Ohio Newspaper Association is arranging for an enlarged newspaper exhibit in the Ohio building at the state fair this year. Every newspaper published in the state will have a copy on file and in addition a plan is afloat to have installed a Mehlle vertical press which can turn out 10,000 impressions an hour together with a linotype and a dailypress will be printed and circulated for the benefit of fair visitors, says H. E. C. Rowe, Field Secretary of the O. N. A.

Col. E. W. Foster, stockman living at Dalton, Montgomery County, will act as superintendent of the swine show at the State Fair. \$12,001 have been posted for exhibits in that department this year.

D. J. Jobe of Cedarville will superintend the sheep, wool and goat display. F. B. Turnbull will judge Aberdeen, Angus, cattle, and C. C. Torrell, New Vienna, is to judge Duroc Jerseys in the swine show.

As a part of the entertainment in the Rural Community Play House (formerly the aircraft building) there will be "calling" contests each forenoon, including cow, hog, husband, sheep and chicken calling. Afternoons there are to be Old Fiddlers' contests and old fashioned square dancing. The Play House is a brand new feature at the Fair.

Miss Fannie Buchanan of the Victor Talking Machine Co. of Camden, N. J. will give daily talks on music in the Women's building.

Mrs. William J. Pontius of Canton, the only woman member of the State Board of Agriculture is in charge of the displays in the women's department and the department of fine arts at the State Fair.

Charles B. Miller, aged 80, Columbus farm machinery agent for 40 years and a veteran exhibitor at the Ohio State Fair, died one day last week. He was a consistent booster for the fair.

Postoffice, telegraph and telephone headquarters will be available on the grounds.

Steve Phillips, popular Xenia starting judge, will send the harness horses away again this year at the State Fair.

Downtown Columbus ticket offices will be arranged this year, for the first time, as an aid to reduction of entrance gate congestion.

A large and commodious comfort station is maintained on the grounds for the convenience of mothers and children. In addition to this centrally located station others are scattered about the grounds.

Well, boys, it looks like Ohio's year in harness racing. London and Urbana, neighboring county seats to the west are these days enjoying no little wholesome publicity due to the achievement of two of their foremost citizens, Doc McMillen and Doc Parrish. With Peter Cowl, McMillen last week won the \$25,000 trotting stake at Toledo. With Counterpart, Doc Parrish, who formerly trained at Washington, C. H., but who now lives at Urbana, this week won the \$25,000 American pacing derby at Kalamazoo, Mich. Each of these men is a great

WATERWORKS IS NOW APPRECIATED

Mr. Collins Wight, Dayton, engineer employed by village council to prepare plans for the proposed system, hands us a self explanatory letter from Mayor Philip Schumacher of Trenton, Ohio. Mr. Wight was the engineer on the installation of a water system in that town.

We are sure that you will be interested in knowing that Trenton had its first fire since the Water System has been installed.

The fire was in a residence and was caused by a defective chimney. The discovery was made and entirely beyond the control of our volunteer fire department when they arrived.

The boys worked splendidly and in perfect union and soon applied the water and the Water Works did the rest. The water simply drenched the fire and in less than 20 minutes the fire was under control. It is the common opinion that had we not had the Water Works this house and in addition one more, and possibly two, would have burned to the ground.

By a strange co-incidence of fate the fire broke out in a residence whose owner had bitterly opposed the installation of the water system. His nearest neighbor whose houses were put in great danger by the fire, also shared his views. They are now willing to admit the wisdom of the improvement and praise its practical utility, and chide themselves for ever opposing an improvement so necessary.

JOYOUSLY YOUNG
PHILIP SCHUMACHER,
Mayor, Village Trenton, Ohio.

GIVEN JUDGMENT
The Peoples Building and Savings Co. has obtained a judgment for \$6,404.36, due on a contract, against H. S. Oglesbee and others in Common Pleas Court. Foreclosure of mortgaged property was ordered.

Judge of horse flesh. Each got his start on Ohio half-mile tracks and each is well known to fair followers throughout the state—Ohio State Journal. Both these fast steeds are entered in the State Fair races.

Newspaper headquarters will be in the Ohio building in charge of experienced workers and visiting newspapermen are invited to make this bureau their headquarters. Copies of awards and decisions and other items of news value will be available there for press representatives.

Two broadcasting companies will maintain headquarters on the fair grounds, and send out programs and news of the fair—WATU and WLW.

The Festival of Fire, the nightly fireworks feature, is described as an awe-inspiring spectacle, including many features entirely new to pyrotechnics.

There is no single feature attraction this year on which to center a attraction and lavish expenditure. The policy has been to have things better all along the line, rather than some one feature that is over in a few minutes, leaving the rest of the day more or less empty. Instead of one splash attraction, you will have twelve outstanding feature attractions. Among these anyone can find much to interest, entertain and impress.

Automobile Seeks Smith Hair Cut

A Ford roadster driven by H. E. Lake of the Ohio Fuel Supply Co., Columbus, jumped from the curb into the front door of the Smith Barber Shop Tuesday morning. As a result both screen doors were mashed in and one of the double doors broken. In addition an electric hairdrier sitting nearby was put out of commission.

Mr. Lake had attempted to make a turn and pull his machine in reverse but it was in intermediate speed and when the gas was applied the car jumped over the curb into the barber shop door and was only checked by striking a brick pillar.

4-H Club Will Hold Picnic August 13

The Annual Greene County 4-H Club will be held at Hills and Dales Park near Dayton, Tuesday, August 13. This tour is open to everyone and will leave the Farm Bureau Office at 9:30 A. M.

A picnic dinner will be held at noon in the park after which a general good time will be had. Facilities for games and recreation are fine at the place and include a swimming pool.

Organ Arrived Wed. For Presbyterian

The new organ for the First Presbyterian church arrived Wednesday and work of installation will be started in a few days. The Austin Organ Company has the contract. The church is being remodeled on the interior and is being redecorated.

County Officials Get Holidays For Fair

The County Commissioners granted all county officials holidays for the county fair this year. All offices were closed Wednesday afternoon, all day Thursday and Friday afternoon.

Gilbert McCoy Breaks Ankle On Park Slide

Gilbert McCoy, barber, sustained a broken ankle last Sunday when he slid down a slide at Snyder Park. As a result he is laid up and away from his place of business.

THE GREAT MONTGOMERY COUNTY FAIR

With premiums totalling almost \$25,000, this year's Montgomery County Fair, scheduled for September 2nd to 5th inclusive, promises to be predominately successful in comparison with previous exhibitions, according to county fair officials at Dayton, who are making extensive preparations for the huge display of city and county wares.

The prizes are distributed in 12 different departments, as follows: speed, \$6500.00; horses, \$1905.00; cattle, \$2282.00; sheep, \$1320.00; swine, \$2040.00; poultry, \$1807.00; farm display, \$1120.00; county school children's exhibits, \$2700.00; horticultural products, \$1037.00; domestic manufactures, \$320.00; fine arts, \$371.00; and provisions, \$376.00.

Before announcing the various premiums members of the Fair Board made an exhaustive study of each department in order that the Fair should attract outstanding exhibits throughout. In many instances prize money has been increased so that the department may draw the best exhibits possible.

Good crops are reported from throughout the county and excellent farm exhibits are expected to be shown. Montgomery County is typically a farming soil in practically township and the most progressive farming methods are used here so that magnificent exhibits may be expected.

Farm displays will all be exceptionally attractive, the judicious distribution of prize money calling for the best displays in this department. All entries on farm displays must be in the office of Judge I. L. Holderman, Secretary of the Fair Board, 603 Reibold Building, Dayton, by August 20th, in order that proper display space may be allotted.

The best agricultural and horticultural displays made by an organization or society in the county will receive a prize of \$115.00, while second to sixth prizes will range from \$100.00 to \$45.00.

The best display of farm products, exclusive of live stock, in each township of the county, will be subject to a first prize award of \$40.00 with second and third premiums of \$25.00 and \$15.00. The best horticultural display consisting of fruits and flowers grown by the exhibitor will receive \$10.00, with second and third prizes of \$5.00 and \$2.50.

No night Fair will be held this year, activities being confined to the daylight hours, which will be replete with features of interest to city and country folks of all ages.

COUNCIL VOTES FOR PETITIONS ON WATERWORKS

Council in regular session Monday evening voted to receive petitions from citizens on the question of a waterworks system for the village.

Following the regular routine of business with all members present council went into the discussion of waterworks. Mr. Collins Wight, Dayton, engineer employed to prepare plans was present and discussed with council members and those interested in the plan of installation of a plant.

As Mr. Wight had also been employed to prepare plans for sewerage he was not prepared to give a definite report as it would take thirty days to finish the detail. He is preparing two specifications one for first story drainage and one for cellar drainage.

Following a statement from the local Waterworks Committee it was decided that council would receive petitions next Monday night at which time it was expected to have Solicitor Harry D. Smith, Xenia, present as well as Mr. Wight.

Members of the Waterworks Committee held a meeting in Community Hall Wednesday evening and arranged for the circulation of petitions. The following citizens are heading the petitions that are being circulated:

- W. W. Galloway
- W. C. Hiff
- S. C. Wright
- G. A. Shrodes
- Dr. M. I. Marsh
- W. P. Townsley
- Wm. Marshall
- Dave Shrodes
- P. M. Gilliam
- C. H. Gordon
- Dr. O. P. Elias
- John S. Harvey
- R. C. Watt
- Aden Barlow
- Ansel V. Wright
- A. E. Huey
- C. E. Masters
- J. Lloyd Confar
- Harry Lewis
- Malvin McMillan
- A. E. Richards
- M. C. Nagley
- Dr. C. M. Ritchie
- Gray McCampbell
- Karl Bull
- Wm. Conley
- Lee Shrodes
- Charles E. Smith
- G. H. Hartman
- C. N. Stuckey
- I. C. Davis
- H. H. Brown
- R. C. Ritenour
- Dr. W. R. McChesney
- Anna Evans
- W. W. Truitt
- Charles M. Spencer
- C. H. Crouse

Indian Mound Taken Over By State

Dr. C. M. Wilcox in company with Mr. Homer Charles stopped in town Wednesday from New Paris, enroute to Columbus where they attended a meeting of State Park Superintendents on Wednesday and Thursday. Mr. Charles has charge of Saint Clair Park. Dr. Wilcox informs us the state has taken over the Indian Mound on the D. S. Williamson farm west of Cedarville with enough ground to fence and protect the Indian relic. The state will no longer permit the opening of such mounds and wishes to preserve them in their original state.

New Athletic Coach For Public Schools

J. Clark Baker of Vinton, Ohio, has been elected by the Board of Education, and he has accepted, to become athletic director and instructor of manual training in the public schools. Mr. Baker has had two years experience teaching and is a graduate of Rio Grande College. He is married and with his wife will move here shortly. This completes the list of the school faculty for the year.

DOBBS SOW SALE

O. A. Dobbs will sell 60 young sows at public sale at Ferndale Farms on Thursday, August 22. This will be the fifteenth sale of Hampshire hogs from this farm.

SCHOOL REUNION

The annual community gathering of Irwin School, Jefferson township, Greene county, will be held Thursday, August 2 at the old school building three miles N. W. of Bowersville. All day amusements and basket dinner. Come and bring your friends.

Laws of Ohio require that the neutralizing power of all agricultural lining material sold, must be guaranteed, as well as the fineness of all such materials except hydrated and burned lime.

WHAT ABOUT EXTENDING BOUNDARY LINES?

It has come to our attention that a number of citizens living just outside the corporation limits would have no objections to being taken in and becoming a part of the municipality. This is a splendid spirit and should be given support not only by village council but by citizens in general. With the addition of these families the population would be increased and you know the census will be taken next year. These families would have the satisfaction of knowing they are really a part of the town and would have the use of our lights, fire protection and other municipal advantages. In addition the village would have an increased tax duplicate, so that everyone would be benefited.

PRIDE IN AUTO OWNERSHIP

Not so many years ago there was keen competition between a number of motor car companies to see who could build the best automobile—one that would stand up for years under hard usage.

Of late years the fad has been to change models semi-annually and build cheaper and cheaper on a mass production basis.

Most automobiles today are good for a reasonable amount of use but few of them are built with the idea of pride workmanship which causes an owner to prize his car as he used to prize some of the old familiar makes.

It is only fair to say, however, that the majority of cars are probably built safer today, with their all-steel bodies and four-wheel brakes, than they were in the days of wooden body construction and smaller braking surface. Traffic conditions have made this necessary as a matter of self-preservation.

THE FUNDAMENTALS OF SAFETY

In the opinion of the head of the National Safety Council, the four fundamentals of accident prevention are a belief in safety, acceptance of the principle of personal responsibility by every citizen, an active, not a passive attitude toward the accident menace and leadership to eradicate it.

Automobile accidents are the result of three causes—recklessness, incompetence or ignorance. There are few unpreventable accidents. The tremendous toll in lives taken each year is a shameful illustration of the failure of authorities and citizens to approach the problem from an intelligent angle.

Great industries, such as the railroads, have made amazing success in preventing accidents by study, education and enforcement of working rules.

Legislative accident prevention panaceas such as compulsory liability insurance, begin at the wrong end of the problem by attempting to indemnify instead of prevent. The result has been a tremendous expense to the careful, without accident reduction.

Tests have shown that enforcement of modernized traffic codes will appreciably reduce accidents in a short time. Education of school children has borne fine results in the past few years. Good results follow public interest and cooperation.

WHO AIDS THE CRIMINAL?

"All honest as well as dishonest men know that the machinery of law enforcement is defective and out of date," says the Saturday Evening Post in an editorial on crime. Here is a problem not in politics or academic theory or dialectics, but in practical organization, which is supposed to be just the field in which the typical American citizen is best.

"It is the job and the conditions which surround the job that need attention. If as a people we are incapable of improving the judicial and jury systems, of doing away with frivolous appeals, lessening the grant of continuances, expediting trials, simplifying indictments, and making the other necessary improvements in the actual technique of the job, then we have lost the art of self government.

"The people may have become more lawless or they may not; that is a moot point. In any case, respect for law will not be established by rhetoric. Why not concentrate first on what everybody knows is inadequate and outworn, the institutional machinery for doing the job?"

Expressed in a nutshell, what we need is less laws and better enforcement, more rationalism and less emotion in the handling of crime. More laws restricting the law-abiding on the theory that the criminal will thereby be curbed, merely encourage crime and increase law-breaking.

PICTORIAL GOLF INSTRUCTION

By H. B. Martin

A VERY EXAGGERATED SWING - FEET TOO FAR APART - IT IS MORE OF A BASE BALL SWING THAN A GOLF STROKE

Intent Effort Sometimes Destroys Form

EVERY star golfer knows how to play well within himself. That is, he is not guilty of going after every drive as though it meant life or death. There are times when it is necessary to put that little extra effort into the swing to gain a few more yards. Some do it in a way that throws the body out of kilter, making a very awkward or exaggerated finish.

One must make sure to keep the head down in case he goes after a long ball and he must make sure that the body does not do its part of the work too quickly. Tremendous distance gained is not desirable at the cost of direction.
(©, 1929, Bell Syndicate.)

Weight Should Be on Left Foot at Finish of Swing

THE finish of the golf swing can best be described by the wooden figure here shown. The body is shown as it has pulled away from the shot either causing a slice or greatly checking the follow through, an important thing to remember in golf.

The weight of the body should be more than two-thirds on the left foot when the swing is completed. This proves that the club has gone through after the ball. Notice the picture of all the leading golfers and you will observe that they finish on the left foot. This is a very good form and sound fundamental golf.
(©, 1929, Bell Syndicate.)

Getting the Maximum Force
MOST golfers fail to time the shot so that they get the greatest amount of force into the blow. The average good player makes the mistake of hitting the ball just after the maximum amount of speed has been reached. It may only be an inch or so, but this makes a difference, as it takes off just that much from the follow through.

The hardest hitters time the ball so that there is the greatest amount of force expended just at the impact or an inch beyond, which would mean that the ball stays with the club for a longer period. The harder the blow the longer the follow through.
(©, 1929, Bell Syndicate.)

Start Inspection Of Seed Corn Soon Seed Improvement Association To Make Two Examinations Before Certification

Inspection of Ohio seed corn, for certification by the Ohio Seed Improvement Association, will commence in September. Applications of corn growers for inspection of their crops should be made not later than the middle of August, according to Wallace E. Hanger, secretary-treasurer of the crop improvement association and an extension specialist in crops and soils for the Ohio State University.

Before it is certified for sale and used next year, the corn offered by the growers will be inspected once in the field, and again in storage. The storage inspection will be made during the winter, after the seed corn has been selected, gathered, and stored.

Ohio Bees Harvest Record Honey Crop

One Of Best Yields Ever Reported, Says O. S. U. Extension Man

Extra crops of honey are being harvested this summer throughout the state of Ohio, according to Virgil N. Argo, extension specialist in beekeeping for the Ohio State University. "This summer has seen one of the best yields of honey from clover, alfalfa, and other sources in the state," says Argo. "In many sections the sweet clover harvest is right now at its peak. There has been such a heavy rainfall this season that in all probability the flow of surplus honey will continue for some time to come. "The biggest problem confronting the beekeeper just now is to provide supers for the surplus honey, as fast as the bees can fill them. "Once this honey flow ends, the most important job for the beekeeper is requeening. An alarming proportion of the bee colonies in the state have old or mated queens. Queens of pure stock are cheaper this year than they have ever been before. Requeening early in the summer gives the new queens time to settle down in the hive and lay a large number of eggs which will develop into young, vigorous bees ready to go into the winter."

Shorts and Middlings

Decreases in acreage, and unsatisfactory conditions, combine to indicate the smallest oats crop in Ohio this year, since 1928.

Oriental popples should be transplanted this month, and peonies in September.

More than 1,000 Ohio farmers are this year keeping farm account records with the assistance of the Ohio State University farm management specialists.

The One Real Service

Lying has always been accounted a legitimate weapon in war and politics. —The Times-Dispatch

Tight Packing May Cause Shrinkages

Too Much Food In Jar One Reason For Trouble, Says Specialist

Filling a can or jar too full of vegetables or fruit, when canning, is sometimes responsible for shrinkage of the food in the jars, according to Miss Alma Garvin, extension specialist in nutrition for the Ohio State University. "What makes the food shrink in the jars?" is a question frequently asked by home canners.

"Corn, peas, and shelled beans are starchy and expand in cooking. They should be packed only loosely into the jars," says Miss Garvin. "A good general rule is to pack firmly, but not too tightly, up to one-half inch from the top of the jar. Be sure that all the air spaces are filled up before the jar is partially sealed and placed in the canner. "Unevenness of heating during processing will also sometimes cause shrinkage. Overcooking of berries, tomatoes, or peaches is sometimes the cause of the same trouble."

COURT NEWS

ORDER SALE

In the case of Bertha Sutton, as administratrix of the estate of Amariah Sutton, deceased, against Roscoe Sutton and others in Probate Court, sale of one-half of the decedent's interest in the real estate to pay debts has been authorized by the court. Appraisal of the property at \$6,318 was confirmed by the court.

JUDGMENT RECOVERED

K. P. Hancock has recovered a judgment note judgment for \$229.28 in a suit filed against A. Meno and C. V. Williams in Common Pleas Court.

RECONCILIATION EFFECTED. Parties to the action having effected reconciliation, the case of Irene M. Shearer against Roy M. Shearer has been ordered dismissed in Common Pleas Court.

ESTATE VALUED

Gross value of the estate of B. F. Clayton, deceased, is placed at \$2,838 in an estimate on file in Probate Court. The estate consists entirely of personal property. Debts total \$953 and the cost of administration is \$380, leaving a net value of \$1,505. The court ordered private sale of the personal property.

SWARMING BEES

MANY are the superstitions with regard to bees and probably the most common and widespread one is that when the bees swarm and leave the hive, it is necessary to go forth with pans, kettles, bells and other articles by which a noise may be produced, and, by creating a great din, induce the timid insects to alight. This is not a new custom by any means for Varro, the learned Roman, writing two thousand years ago, remarked, "Who does not know that wandering and dispersed bees may be got to one place by cymbals and rattles?"

The bee was especially sacred to Diana and Ceres. To the former it was assigned because it was a symbol of virginity, but to Ceres, the goddess of grain and harvest, the bee was naturally affiliated by the part it plays in the farm life. Ceres was the bees' especial goddess and over the fields of that goddess' care they flew in search of the material for their honey. So when they swarm and go in search of a new home they hear in the beating of the tin pans the clash of the cymbals around the altar of their goddess; in the bells and rattles the sound of sacred instruments celebrating her rites—and knowing, thereafter, that her altar is high, they settle down on some convenient limb as a suitable place to end their exodus. When you beat a tin pan to stop the swarming bees you are merely trying to fool them by imitating an ancient heathen rite.

Cremation in America

The first crematory in the United States was established at Washington, Pa., by Dr. F. Julius Le Moine in 1876. The first cremation was that of the body of Baron de Polin, in December of that year.

Source of Trouble

All the real trouble in the world comes from some one's lack of self-control.—American Magazine.

The Better Understanding

Women have the understanding of the heart which is better than that of the head.—Rogers.

Useful Emery

Emery is a mineral. It is a common dark granular variety of corundum, containing more or less magnetite or hematite. On account of its great hardness, it is used in the form of powder, grains or larger masses for grinding and polishing.

Brick's Value in Building

In the manufacture of brick they are burned for days under a temperature of 2,000 degrees. Brick cannot burn or crumble under heat thereafter. They increase the fire resistance of a home many times over.

That's Evolution

When christened, she was named Mary. As she grew up she became May. When she began to shine socially she signed her name "Ma." Some years ago she married, and now she is just "Ma."

"Eyes" in Swiss Cheese

Gases are produced in Swiss cheese by the action of certain bacteria in the curds, and the holes result from the liberation of the gases. Some authorities have advanced the theory that the air and grass of Switzerland have something to do with this quality of producing eyes in the cheese.

Too Weighty for Autos

The bureau of standards says that automobiles could be run successfully on natural gas, but the gas would have to be compressed into steel cylinders which would add considerable weight. The amount of natural gas equivalent to five gallons of gasoline would require enormous containers if it were not compressed.

Birds Unable to Walk

Martins, in common with all swallows, cannot walk. If their wings are clipped or injured they die of starvation in a short time. Their feet are used only for perching.

All Roads Lead to Columbus at Fair Time!

HIGHWAYS, railways, airways — they all lead to Ohio's capitol for Fair Week. Opening on August 26 and lasting six big days the OHIO STATE FAIR this year presents an exposition never before equalled in elaborateness of detail or wealth of entertainment. Bigger and better exhibits — finer prizes than at any previous fair — attractions more numerous and spectacular than have ever before been offered — these are a part of the great program you will enjoy when you come to Columbus.

Join the big parade to Ohio's capitol during Fair Week! Spend a day, two days or a week. You'll enjoy yourself every minute — and every member of the family will profit by the outing.

Officials Tell Of State Fair Plans

Program Indicates Wider Range of Attractions Than Ever Before. Young People To Have Big Part.

Columbus, Ohio, (Special). — The Ohio State Fair for this year, Aug. 26 to 31, is being planned by those in close touch, to present the widest program range in its 72 years of progress.

In an interview with this writer, C. E. Rowland, fair manager, gave a running description of the program as follows: The territory represented in the livestock show this year will take in at least one-half of the North American continent. Entries have been made in the Cattle Department, Ayresires from Vermont, Jerseys from Texas, Angus from Michigan, etc. We have the largest entries ever made in the Ohio State Fair in the carload lot of commercial fat cattle.

The Horse department has added two new classes in 1935 and Belgians this year. These are amateur classes open to exhibitors who have not formerly exhibited at the Ohio State Fair. These horses must be fitted and shown by the exhibitor, his son or daughter. In the Percheron entries, we find 10 descendants of Laet and Carnot. Last has never sired a colt which was not a winner, being himself the Grand Champion at the Ohio State Fair in 1919, and in Chicago in 1921. He has sired two International Grand Champions, one of these Hestations, has achieved the championship twice.

In the Speed Department we have a Countess, the famous horse which won the \$25,000 race at Kalamazoo. This horse is entered in the Monday speed, August 26, in the 2:13 pace.

Peter Cowl won the \$25,000 stake at Toledo, and is entered in the 2:14 trot on Tuesday, August 27. The Light Horse show will be better than ever. Two \$1,000 stakes and two \$500 stakes bring the best horses in the country to the Ohio State Fair. The Six Horse Hitch will be conducted by the city of Columbus. Moores & Ross' six horse team and Wilson's six horse team of Champion Clydesdales will strut their stuff at the Night Horse Show. In the Pulling Contest, in addition to the prizes for the winning teams, there will be a prize for the driver of the first, second, third and fourth prize winning teams.

At the second Cat Show you will see Manx, Siamese, Abyssinian, Australian and Persian cats, also a class for the much-maligned alley cat.

The dogs will carry on a howling success for three days of their show. Four new demonstration features will be in the Woman's Building this year. Franklin county, Case of Clothing, Columbians, Importance of Nutrition, Belmont, Proper Way to Finish Clothing, Montgomery, Beautification of Rural and City Lawns.

There is no single feature attraction this year on which to center attraction and lavish expenditure. The policy has been to have things better all along the line, rather than some one feature that is over in a few minutes, leaving the rest of the day more or less empty.

Instead of one splash attraction, you will have twelve outstanding feature attractions. Among these any one can find much to interest, entertain, and impress.

The Festival of Fire, each evening, for instance, will thrill and please every one. It is an extravaganza of modern fireworks effects, that goes beyond comprehension. You'll carry the picture in your mind's eye long after you return home.

The kiddies will delight in the Pallenberg bears doing astounding acts and cutting funny capers. The Fearless Flyers aerial performers — will provide thrills aplenty. You'll hear people talking about Dennis Curtis, the comedy taximeter performer.

Wheeler and Wheeler, Skaters, Camille Trio, Aerial Earls, the Lucky Boys, Foster Girls' Ballet, Winter Garden Review, Bee Star and the Venetian Trio, Novelty musicians.

Of course, the great Armo Band, the All-Ohio High School Boys' Band — 300 strong, and the five other musical aggregations will add to the spirit of the occasion for a lively good time.

Don't forget the six big afternoon programs of great racing. The Ohio State Fair this year will be bigger than ever before and the only reason that it will be is because you make it so.

Kennedy's
39 West Main Kenia

TANGLEFOOT SPRAY

KONJOLA ROUTS NEURITIS THAT RAGED 25 YEARS

Stomach Trouble, Too, Banished By New Medicine-Venerable Lady Pays Glowing Tribute

MRS. EMMA BROWN
"I shall never cease to praise this magnificent remedy for what it did for me," said Mrs. Emma Brown, 1407 Jefferson Street, Sandusky. "For twenty-five years I suffered unspeakable torments from neuritis. My stomach was also a source of much worry. No medicine helped me. The pains were so intense that at times I cried out in anguish. I was discouraged."

"But just six bottles of this wonderful new medicine ended twenty-five years of suffering. Today at 70, I can eat what I want, my body is free from pain, I sleep perfectly, and am enjoying life as I had not been able to for twenty-five years. I would gladly tell personally my experience to all who doubt this statement. I am glad to be able to recommend a medicine of Konjola's proven merit."

Konjola is sold in Cedarville at Provant & Brown drug store and by all the best druggists in all towns throughout this entire section.

Says Sam: Neither lipstick nor a candidate's pledges ever fooled anybody, but they add interest to many a situation.

"The Artist differs from you — and me chiefly because he is more alive." — Richard C. Cabot.

Cause of Cloudburst:
The popular idea that a so-called cloudburst consists of a vast quantity of water held in the sky in liquid form, which is suddenly released is erroneous. A cloudburst occurs when a large quantity of water vapor condenses suddenly instead of gradually. As soon as water vapor condenses gravity causes it to fall rapidly.

As Women Know
Most husbands want to be thoughtful, tender and considerate. But so many things come between the wish and the fact. — American Magazine.

Most Valuable Building.
According to Stanley K. Green, New York realtor, the Capitol in Washington is the most valuable building in America. It places its value at \$53,000,000. The White House, he says, is worth \$22,000,000, being the nation's most expensive dwelling.

Useful Shellfish.
Abalone is the name of a shellfish. The shell is used for buttons, beads and other ornaments. The meat is dried for food. The word is generally used to describe things made from the shell, as abalone buttons.

Mixture of Races.
What are popularly called the Finnish people are actually three divisions of a mixed race, the eastern Finns inhabiting parts of Russia and Asia exhibiting strong Mongolian traits. The western Finns appear at most entirely Caucasian with slight Tartar ancestry. The Finns of Finland show a mixture of Caucasian and Mongolian blood. All Finns are classed as white people.

LOCAL AND PERSONAL

A daughter was born Thursday to Mr. and Mrs. Carl Spracklen.

Mrs. Hugh Grindlo has returned home after a trip to Washington, D. C.

Mr. and Mrs. C. E. Masters visited with relatives in Wellston, Ohio, Sunday.

Mrs. Anna Kildow, of Springfield, is spending several days here with friends.

Mr. A. G. Collins, who is a patient in the McClellan hospital is reported as slowly improving.

Mr. Clayton McMillan and family left by motor Monday for a visit with relatives in Tarkio, Mo.

Mr. Charles Buck and family of Winter Garden, Florida, are on a visit here with relatives.

The Golden Rule Class of the M. E. church was entertained Thursday evening at the home of Mr. and Mrs. Chester Murphy.

The Wednesday Afternoon Club was entertained this week at the home of Mrs. Lucy Barber. Several invited guests were also present.

Mrs. O. P. Elias and daughter, Bernice, returned home Sunday after a visit with relatives in Charleston, W. Va.

Mrs. B. H. Little and son, Kenneth, and Miss Eleanor Johnson, attended a family reunion in Columbus Sunday.

Rev. W. P. Harriman and family returned home Wednesday evening after a five weeks visit in New Hampshire and in Canada.

Mrs. Gavin Reilly and children of Bradford, Ohio, are visiting with her parents while Rev. Reilly visits his old home in Prince Edward Island.

Prof. and Mrs. Paul Sloan of Cleveland and Prof. and Mrs. O. E. Bogart of Xenia, were week-end guests of Miss Donna Burns.

Mr. and Mrs. George Hammon in company with their son-in-law and daughter, Mr. and Mrs. Wilfred Weimer, Jamestown, are spending a week in Bay City, Mich.

Mrs. Anna Miller Townsley, who is confined in the McClellan hospital suffering with a broken hip due to a fall last week, is reported improved and suffers no pain.

Rev. R. A. Jamieson and family left Monday for a two weeks' visit with relatives in Hanover, Ill.

Miss Dorothy Wilson, who has been attending summer school at White-water, Wis., has returned home.

Mr. Aden Barlow of the Hagar Straw Board & Paper Company, has been on the sick list for several days, but is now able to be about town.

A son was born Monday evening to Mr. and Mrs. Murry Marshall. This is the sixth son in the family with three daughters.

Miss Mary Elizabeth Smith, who has been attending summer school at Miami University, has returned home.

Rev. W. A. Condon and family of Urichsville, Ohio, are guests this week at the home of Mr. and Mrs. R. C. Watt.

Dr. and Mrs. M. I. Marsh had for their guests over the week-end: Mrs. J. H. Roubush and daughter, Jane; Miss Verner Monee and Mr. K. W. Baker, all of Cleveland, Ohio.

Rev. and Mrs. Ernest McClellan of Rochester, N. Y., are guests of relatives here this week.

Misses Dorothy Wilson, Harriet Shields, Martha Dean, May McKay and Mrs. Mary Gibson are spending the week at Russell's Point.

Mrs. Mabel Hoster Troupe of Springfield, who is leaving soon for Seattle, Wash., was the guest of Mrs. Ellen Weimer, Sunday.

Mrs. Frank Harsha, who recently underwent an operation for appendicitis, has returned from the Springfield hospital.

Mr. A. H. Wright of Herford, Texas, is here on an extended visit with his son, Mr. Ancil Wright. Mr. Wright reports an unusual wheat crop in his section with extra good quality. He will return in time to start wheat seeding for the next crop.

Mrs. Martin Weimer was called to Columbus, Ohio, Sunday, to be with her mother, Mrs. Warren Abbott, who passed away Monday morning at 2 A. M. The funeral services were held Tuesday afternoon at 1047 Sycamore Street, Columbus.

Dr. R. A. Hutchison, secretary of Home Mission Board of the United Presbyterian church, visited here this week with his son, Mr. James Hutchison and family of Clinton, Iowa, at the home of Mrs. Dora Kerr.

Mr. T. V. Hitt will celebrate his 87th birthday on Saturday, August 24th.

Prof. Leroy Allen and family of Winfield, Kansas, are expected here Saturday to spend the week-end with Mr. and Mrs. F. B. Turnbull.

Mr. and Mrs. Carter Abel and son, Carter, left Wednesday for a motor trip to York and Lancaster, Pa., where they will be accompanied home by their daughter, Miss Sara Abel, who left last week for the East.

Messrs. Irwin Auld and wife of Claridon, Ohio, and Mr. Arthur L. Auld, wife and daughter, Carroll, left Wednesday as guests of Mr. and Mrs. J. M. Auld.

Dr. F. A. Jurkat preached last Sabbath for the First Presbyterian congregation in the college chapel where services will be held during the improvement on the church.

Rev. W. A. Pollock and wife of College Springs, Iowa, arrived Wednesday and are guests of the latter's mother, Mrs. W. R. Strevett. They were accompanied by Mrs. McCollough, who is here to visit her sister, Mrs. C. C. Kyle.

Mr. and Mrs. Elmer Middleton had for their Sunday dinner guests Mr. and Mrs. Allan Middleton, of Highland, O.; Mr. and Mrs. Frank Thomas, of Xenia; James Thomas, John Middleton and family, David Middleton, all of Xenia; Howard Spahr and family and Howard Shelley, of Dayton.

Mr. and Mrs. D. M. Thompson and two sons, Dwight and Harold, of Phoenix, Arizona, spent a few days last week with Mr. Harvey Myers and family. Mr. Thompson is a cousin of Mrs. Myers and formerly resided in Adams county, Ohio. This is Mr. Thompson's first visit back in 48 years.

Mr. and Mrs. Burton McElwain and daughters, Eleanor and Dorothy, of West Asheville, N. C., arrived here on the first of August to spend about ten days at the home of their aunt, Mrs. Cora Trumbo. This is the first trip they have made to Ohio since they moved from here to Asheville, nearly six years ago. The trip was made by motor. Miss Elsie Shroades, who has just finished a six week's term of summer school at the Cincinnati University, is also spending a couple of weeks at the home of her aunt, Mrs. Trumbo, but expects to leave here for Asheville next Monday as she will accompany Mr. and Mrs. McElwain and family on their trip home.

TURNBULL REUNION

The annual reunion of the Turnbull family will be held in Shawnee Park, Xenia, Wednesday, August 14th.

Mr. W. W. Galloway spent the week-end visiting with his father-in-law, Rev. M. A. Summers and wife in Huntington, W. Va. Mrs. Galloway and children, who have been visiting in Huntington, returned home Tuesday.

Dr. W. P. Garvey of Kansas City, Mo., will speak Sabbath morning in the U. P. church in the interest of the National Anti-Saloon League.

Prof. and Mrs. Paul Sloan of Cleveland and Prof. and Mrs. O. E. Bogart of Xenia, were week-end guests of Miss Donna Burns.

Judge S. C. Wright and wife and Rev. James L. Chesnut, wife and son, of Fort Wayne, Ind., left Monday on a motor tour through the East.

Mr. Charles Coulter and wife, and son, Robert, returned home last Saturday from Vega, Texas. Mr. Coulter and son, Robert, have been in that section since last spring and Mrs. Coulter went south a few weeks ago for a visit.

Rev. V. E. Busler and family of Eaton, Ohio, were calling on friends here Wednesday. Rev. Busler informs us that his father underwent an operation a few days ago in the Springfield hospital for cancer on the face. He is improving as best could be expected. Rev. Busler was formerly pastor of the local Methodist church, and has been in Eaton since leaving Cedarville.

PASTORS GET VACATIONS

Rev. J. G. C. Webster of the Clifton United Presbyterian church has been granted a month's vacation. There will be no services for two weeks. The Clifton Presbyterian church will be closed until the second Sabbath in September for the pastor's vacation.

CARD OF THANKS

We wish to thank all those who were so kind and helpful during our recent bereavement in the loss of my beloved wife and our dear mother, Grace Hallie Shears. Most especially we wish to thank Rev. Gunnett for his consoling words. The Nagley Bros. for the efficient and kindly way they performed their duties, and those who rendered the music, and all who sent such lovely flowers and who gave their love and their sympathy so generously. Mr. Artie Shears, Mr. and Mrs. David Taylor and daughters.

Taxpayers Urge Waterworks For Cedarville

Citizens and Property
Owners Assured of - -

Greater Health Protection
Increased Fire Protection
Lower Insurance Rates

**BE A BOOSTER FOR YOUR TOWN AND
MAKE IT MORE ATTRACTIVE**

What A Waterworks Plant Insures

Raises the standing of your town and puts
it on par with other progressive towns.

Makes it possible to have modern conven-
iences in your homes.

Rooms in homes equipped with modern con-
veniences are the first to be rented.

Added value to your property and an in-
ducement to others to locate here.

Waterworks Guarantees Lower Fire Insurance
